

Xerox® Travel Scanner 150

The Complete Mobile Scanning Solution

- Instant scan to searchable PDF for easy search and retrieval
- USB Powered – No external power supply needed
- Auto-crop, Auto-straighten, Auto-brightness
- Lightweight (12 oz. / 340 grams)
- Scans items up to 8.5" (216 mm) wide and 14" (356 mm) long

What is the benefit of being able to scan from anywhere?

Whether you're on a business trip or work in a mobile environment, you collect paper in your travels. Business cards, receipts, contracts, forms, and photos. And it all has to wait in an overcrowded bag or briefcase (sometimes even pockets, wallets and purses) until you get back to your office, where you are already burdened with a to-do list. If you get your documents organized while you are on the road, you will have less to worry about when you get back to the office.

The Xerox® Travel Scanner 150 is lightweight (less than 12 ounces, 340 grams), smaller than a three-hole punch and needs no AC outlet. Just connect the USB cable to your laptop, insert a document and you're scanning. (If you can insert a dollar bill into a change machine, you have the scanning operation mastered.) And not just scanning, but scanning to popular and productive destinations such as email and Word, local/network/cloud storage or Microsoft SharePoint.

The secret to staying organized.

If you take care of paper when you first receive it, then you won't have big piles to deal with later. Documents from the road can't always wait for your trip home. With the Xerox® Travel Scanner 150 you can scan your business cards, receipts, invoices and other documents wherever you are

and then format, organize and share them using the included suite of powerful software options. Your receipts will no longer get lost (and you're not out \$25 for a lost cab fare receipt) and you can complete that expense report before your plane even lands.

Who needs to scan documents?

The business traveler: The "road warrior". All the tools of the office need to be in their bag, not just at their desk.

The insurance adjuster: Every client has photos and forms. Every body shop has bills that need to be paid. No time to wait. They need to be scanned and sent now.

The construction contractor: Plans, permits, contracts, invoices. These important documents need to be captured to keep business moving and to keep it secure.

The real estate broker: Timing is the difference between a sale made and a sale lost. Agreements, deposits, notes and drawings need to be shared with banks, clients, builders, attorneys.

These are just a sampling of professionals that rely on high-quality mobile scanners with which they can travel to capture, secure and share the documents that keep their business moving. The Xerox® Travel Scanner 150 is the secret of their success.

Xerox® Travel Scanner 150 Software Solutions

Visioneer®

OneTouch

OneTouch is an easy-to-use utility that connects the Travel Scanner 150 with a powerful set of scanner settings to greatly improve the efficiency of your workflow — so that with one touch the document is scanned automatically to email, Microsoft® Word, your printer, a file folder, or to one of many cloud destinations.

Acuity

Acuity enables your scanner to instantly improve the visual clarity of every document that you scan. Using advanced algorithms and dynamic thresholding Acuity will intelligently correct documents containing imperfections, improve quality of scanned images for archiving, increase OCR accuracy, and save time.

DriverPLUS

DriverPLUS is a new generation of driver technology that is based on the TWAIN™ 2.1

specifications that provides advanced features and greater reliability for both users and system integrators. DriverPLUS combines the features of advanced 32- and 64-bit native Windows®-based TWAIN and WIA drivers PLUS new Acuity optimization software and a sophisticated user interface.

Nuance®

PaperPort®

Millions of professionals rely on PaperPort to save time and money by transforming paper documents into searchable digital documents. PaperPort combines the efficiency of document management, the convenience of superbly scanned documents and the power of creating PDF files, to bring a new level of operational proficiency to your organization.

OmniPage® Pro

OmniPage Pro provides a precise OCR and layout retention solution, quickly turning

scanned documents into editable, formatted text. The text can then be used in virtually any word processing, desktop publishing or web publishing program.

PDF Converter

Nuance PDF Converter is the smarter PDF software choice for businesses. Combining powerful functionality, superior Microsoft® Office® support, built-in intelligence, DMS integration, and intuitive ease of use, Nuance PDF Converter provides everything you need to create, convert, edit, assemble, and securely share PDF files for increased productivity, enhanced collaboration, and improved compliance.
